No tasks assigned during this reporting period.

2. Items or Events of Major Interest that have Occurred During the Preceding Week:

NO
25X1
25X1
a. At the request of the Office of Information Technology/Engineering Services Group, the Automated Data Processing and Engineering Branch, Procurement Division, placed a contract with Network Communications for the on-site maintenance and repair of Agency Network Probes Model 6620A data analyzer/simulator equipment. As repair of these devices requires access to classified information, three technicians from Network Communications are being cleared through the Top Secret/Sensitive Compartmented Information level. []
